

MISTAKEN FOR DEER,
MAN SHOT, KILLED

MEDFORD, Aug. 4.—The body of Henry Oleson, the young homesteader killed near Elk Creek when mistaken for a deer was brought to Medford and an inquest will be held as soon as necessary witnesses are gathered.

According to County Judge Touvelle Oleson was killed by Louis Dodge and D. Estes of Ashland who, perched in a tree near a salt lick, fired at the moving branches when Hansen approached the place. There is great indignation here over the accident and strong probability the offenders will have to face a court trial.

Circusmen Seize 12 Cars.
ST. LOUIS, Mo., Aug. 3.—Armed with repeating rifles and firing volley after volley into the air, 18 former employees of Young Buffalo's Wild West show seized the entire equipment of the recently disbanded company and drove off a train crew which attempted to take 12 of the show cars out of the railroad yards at Alton, Ill., near here.

RIVERS-HARBORS
BILL WILL PASS

MEASURE WILL GET BY SENATE
IS PREDICTION OF SEN.
ATOR SIMMONS.

WASHINGTON, Aug. 5.—(Special.)

"The river and harbor appropriation bill will pass the senate during the present session." This statement made in the most unequivocal manner by Senator F. M. Simmons of North Carolina, chairman of the powerful finance committee and acting chairman of the committee of commerce which prepared the waterway budget, gives a new angle to what has been regarded by the friends of river and harbor improvements as a very serious situation for the bill.

"The opposition to the river and harbor bill," continued Senator Simmons, "is confined to a relatively small number of senators. The large majority of senators feel that it is of the utmost public importance that the bill should pass and they have expressed themselves to me in no uncertain terms—this with no reference whatsoever to party proclivities."

"Almost ever since I entered the senate I have been a member of the commerce committee and have taken an interest in every river and harbor bill passed since y election to the upper branch of congress, and I can say without fear of contradiction that no bill has been more carefully considered by the commerce committee than the one now pending in the senate."

"There are some items in every bill that may be subject to criticism from the standpoint of the character of the government undertaking. I am satisfied, however, that there are but few items in the present river and harbor bill that are subject to the criticisms spoken of."

"It is true that the total appropriation carried in the bill is larger than usual, but there is a well-founded demand in the country for a broader policy on the part of the government for the improvement of our waterways, a demand justified by the high consideration of a sound public policy."

"The large part of the river and harbor bill is for the improvement of our harbors both on the Atlantic and Pacific seaboard, and on the Great Lakes, including the river approaches to these harbors. It is a well known fact that our harbors have not been improved as they should have been and that the opening of the Panama canal imposes upon congress the duty of greater activity and liberality in the improvement of these harbors."

"The bill deals more liberally with the Mississippi river than other bills, but it is felt that this wise policy is imperatively demanded by the country which has been emphasized by the devastating floods of recent years. The bill deals more liberally with the intercoastal system of waterways than former bills, but this is a scheme that has been thoroughly thought out and with which sentiment has been crystallized."

"Some persons have criticized projects in the bill located in distant sections of the country, but these persons have made no criticism of projects located in their immediate vicinity. The small projects in the bill, when all the facts are known, compare favorably in importance, within the territory affected, with the larger projects."

"The failure of the present river and harbor bill would, within a few months, stop work on more than half the projects provided for in the measure. Harbor improvements would largely cease. The Mississippi river system would be almost abandoned and great damage would be done to the machinery employed upon the several works."

"I have tried to keep in close touch with the senate throughout this session and, knowing the sentiment that prevails as to the merits of the river and harbor bill, I feel confident the pending bill will pass at this session of congress."

MAN OFFERS DAUGHTER TO CHILDREN'S SOCIETY

Dorothy Whittemore.

YONKERS, Aug. 5.—Charged with cruelty to his 9-year-old daughter in having kept her locked up in his handsome residence at Harmony Park while he was at business in New York city, R. G. Whittemore offered to give his child over to the care of the Society for the Prevention of Cruelty

to Children to be taken care of. This offer was refused by Judge Beal who said that the father would have to himself provide for the care of the child. "Her mother is dead," said the father at the trial. "I have tried for 7 years to do my best for her. I have been as good a father to her as I could. I could not be a mother too."

CROP FUND SOON READY

WASHINGTON, Aug. 4.—Secretary McAdoo announced that the \$34,000,000 which the treasury will deposit in national banks to help in the movement of crops would be available as soon as they complied with conditions outlined to them. The money will be deposited by installments from 25 to 50 per cent.

The department's letter to the banks outlined conditions in part as follows:

"It is understood that such deposits are made to prevent or mitigate the financial tension so common at this period of the year incident to the movement of crops, and that the funds received by the banks will be used in good faith for this purpose and not for speculative or other transactions. It is not intended that such funds shall be utilized by the depositors selected to discharge their obligations to other banks, such as rediscounts or bills payable, but in order that the legitimate purposes of the deposit may be accomplished, the banks receiving same will be expected to extend to the banks in smaller towns such accommodations as may be consistent with sound and conservative principles of banking and in all cases the rate of interest charged such banks will be moderate and reasonable."

Fattest Men Form Society.

GRANITE CITY, Ill., Aug. 5.—The fat men—5121 pounds of them—of this city have organized the society for the prevention of surplus avoirdupois, and each of the twenty charter members has pledged himself to take off at least ten pounds in four weeks.

The organization is open only to men who tip the scale at 200 pounds or more. George Link, who started the movement, is the heaviest, weighing 364 pounds, with O. N. Alieger, 295 pounds, the thinnest. The members have agreed to abstain from beer; to take a cross-country run of at least three miles twice each week, while once a month the heaviest will hike six miles over the country roads. They will abstain from eating meat more than once a day and promise to work daily in a gymnasium.

Fair Pavilion Nearly Up.

SALEM, Ore., Aug. 4.—The pavilion at the state fair grounds for which the last legislature made a \$50,000 appropriation is nearing completion. The structure, which is of brick, is ready for the roof. Frank Meredith, secretary of the state fair said today that the building would be ready for use several weeks before the beginning of the state fair.

30 TO 1 IS FINAL SCORE
OF KAMELA BALL GAME

FEATURES OF GAME ARE LONG
HITS—REGULAR SLAUGHTER
IS RESULT.

KAMELA, Ore., Aug. 5.—(Special.)—A very remarkable game of base ball from which time no doubt, will be dated in future generations, was staged at Meacham Sunday, Aug. 2, in which Kamela scored 30 runs and Meacham 1. The predominating features of the game were the phenomenal long hits and numerous home runs made by "the knights of the rail" from Kamela and the many errors and the lack of baseball judgment displayed by the "timber beasts" of Meacham.

During the game one of the Kamela invincibles, "Home Run Welse," batted a high foul into close proximity to the lemonade stand which was presided over by ex-Umpire Hawse, creating much havoc and causing Mr. Hawse to retreat on the double quick still farther back into the jungle on the edge of which his establishment was located. He seemed to be under the impression from the start of the game that Mexico had declared war. This will probably be the last game of the series. The "Timber Beasts" evidently being disinclined to continue the unequal struggle for the possession of the pennant.

Constipation Causes Sickness.

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your druggist.—Adv.

FULL MOOSE PARTY
TWO YEARS OLD TODAY

CHICAGO, Aug. 5.—Two years ago today the full moose progressive party was born here. Telegrams of congratulation on the growth of the baby party were telegraphed by local leaders today to the "baby's father," Col Theodore Roosevelt. Illinois progressives planned informal meetings tonight in celebration of the anniversary of their split with the republicans.

Reservists Free to Go.

WASHINGTON, Aug. 5.—It was learned from authoritative sources that French reservists or those from any other country will be permitted to leave for Europe. The neutrality laws do not apply to citizens of other countries in cases of this kind unless they "are enlisted or organized" before leaving the United States.

Gets One Cent in Damages.

CHICAGO, Aug. 5.—Michael Benkovich, 8812 Strand street, was awarded a judgment of 1 cent against the Murphy Undertaking company, 92d street and Buffalo avenue, in the South Chicago Municipal court.

The suit was the outgrowth of the action of the undertaking company in taking possession of the body of John Benkovich, a brother of the complainant, and embalming the body before the brother had given instructions as to who should handle it. Following the seizure Benkovich was compelled to go through a court fight before he was able to get possession of the body from the Murphy establishment.

In Fear of Needle's Eye.

SHARON, Pa., Aug. 5.—Fearing the biblical warning of the rich man, the camel and the eye of a needle, and convinced that the world will end soon, Mrs. Elizabeth Robinson, resident of Hickory township disposed of her property for \$2,500. She set aside \$500 to care for her worldly needs until her death and immediately began distributing what was left to needy friends and neighbors.

Robinson is a member of the Millennium Dawn sect, which has been flourishing hereabouts. This cult held a meeting that lasted all last night.

Before adjourning today it was decided that certain signs showed the earth would reach its end on the afternoon of Oct. 20.

Dry Bill Considered.

WASHINGTON, April 5.—A postponed meeting of the house rules committee to consider the order of a special rule for presentation to the house of the Hobson national prohibition amendment was scheduled for today. Suffragist leaders threatened to complicate an already delicate situation by a demand that if a special rule expediting the national dry amendment consideration goes, that similar action be taken regarding legislative program. Chances appeared to be small for presentation of a further amendment to the house during the present session.

11,288 Babies Are Observed.

CHICAGO, Aug. 5.—More than 11,000 babies—to be exact, 11,288—are under the observation and care of the field nurses of the city health department at the infant welfare stations. In a report issued by the health department it is shown that 3,051 babies are under observation of the nurses at the Northwestern University settlement, 3,481 at Mary Crane nursery, 1,830 at the University of Chicago settlement, 998 at Eckhart Park Infant Welfare station, 538 at 1141 West Polk street, 280 at Graeme Stewart bath station, 307 at Russell Square Infant Welfare station, and 713 at Cornell School station.

BOSTONIANS ADDRESS
OSTEOPATHIC DELEGATES

PHILADELPHIA, Aug. 5.—Dr. R. Kendrick Smith of Boston, was today's principal speaker at the second day's sessions of the eighteenth annual convention of the American Osteopathic association being held here. Other speakers today were: Dr. S. L. Taylor of Des Moines; Dr. Harold Glascock of Raleigh, N. C.; Dr. Jas. L. Holloway of Dallas, Texas; Dr. L. G. Robb of San Francisco; Dr. C. M. Turner Hulet of Cleveland; Dr. E. D. Heist of Berlin, Ont., and Dr. K. S. Meyers of Portland, Oregon. The annual banquet is to be held tomorrow. On Friday the sessions will be devoted to consideration of the cure of mental diseases by osteopathy.

Tried for Ex-Mayor's Death.

DUQUOIN, Ill., Aug. 5.—The trial of Jesse Joplin, accused of the murder of Dr. D. Winton Dunn, former mayor of Duquoin, was begun before a jury composed of eleven farmers and one traveling man. The defense was a point at the start by having a part of Dr. Dunn's dying statement excluded from the evidence.

The statement will show that Dunn said Joplin was responsible for his death, but the part in which the former mayor said his assailant had no motive for the deed will not be admitted. The defense said that sensational evidence of an important nature will be produced.

Judge B. W. Pope of Duquoin declined to preside over the trial and Judge J. H. Norforn, of Pana took his place.

Officers Drilled in Attack.

SPRINGFIELD, Ill., Aug. 5.—The 5th regiment passed this morning in skeleton battalion drill in consolidated battalions under the direction of Lieut. Col. Charles H. Muir of the United States army. This afternoon the officers of the regiment took a tactical walk under the direction of Col. Muir the problem being the attack of a position involving two divisions of cavalry and a division of infantry. Each officer was supposed to be a colonel.

Killing of Priests Denied.

WASHINGTON, Aug. 4.—Official dispatches to the state department from General Carranza state that no French priests were either killed or imprisoned at Zacatecas. It has been suggested, however, that his report does not cover the question raised by the complaints of the constitutionalists.

The Christian Brothers is a lay order and includes no priests in its membership.

OHIO WILL VOTE ON
SUFFRAGE NEXT FALL

CLEVELAND, Ohio, Aug. 5.—That the voters of Ohio will be given the opportunity to vote on a woman suffrage amendment at the general elections on November 3, was made certain today when petitions with more than 200,000 names were on file with the secretary of state, asking for the submission of a proposed constitutional amendment to that effect to voters of the commonwealth. The preliminary step in the suffrage campaign comes as the result of hard campaigning by an organization as complete as any ever seen in Ohio. In every county and township throughout the state, suffrage workers with petitions, have covered literally every inch of ground in an effort to procure signatures and swing voters to their side.

With the filing of the petitions came stories of how signatures in many cases were secured from many who had hitherto opposed votes for women. Names were written down in fence corners, on plow handles, or on street cars. One woman told of climbing a roof to get the signatures of two workmen. Another shoveled grain to convince a farmer that woman is capable of man's work. She got the coveted signature.

"We are going to succeed this time," is the word passed out today by Mrs. Harriet Upton Tyler, president of the Ohio suffrage organization. "Two years ago we hoped to win, but we were scattered and disorganized but that gave us our lesson. Next November 3, Ohio will be known as the 'second state east of the Mississippi to give its women the franchise that is their right.'"

INDIANS HELP CELEBRATE
BIG RUN ANNIVERSARY

LAWTON, Okla., Aug. 5.—With a parade over a mile in length, a large proportion of it being made up of the best types of plains Indians in the dress of their fathers, the people of Lawton today opened their three-day celebration of the thirteenth anniversary of the Big Run. The celebration will continue throughout August 7. All of the prominent state officials have promised to visit Lawton at some time during the celebration. Many were scheduled to deliver addresses.

On August 6, 1911, the Comanche, Kiowa and Apache reservations were thrown open to settlers. Drawings were held in El Reno and at Fort Sill and the winners poured pell mell into what was one of the richest pieces of territory ever distributed by the government to homeseekers. In a single night Lawton grew from a mere cluster of homes into a town of 7000 inhabitants. The town had been sold by the government for \$214,712 and this money had been spent by Uncle Sam in laying out and building streets, sewers and a water system. Today Lawton has a population of 10,000 people, has seven miles of asphalted streets, a \$120,000 high school and is a modern city in every respect.

WASHINGTON BULL MOOSE
MEET TO PLAN THEIR TICKET

SEATTLE, Wash., Aug. 5.—To draw a clear line of demarcation between the republican and progressive parties; to prove "that the progressives intend to maintain a separate and distinct political organization, and to put a complete bull moose ticket in the field in every county in the state for the September primary election were the chief objects of the state progressive convention which opened here today. Every county was represented by its full quota of delegates.
